Letter of Determination  
RE: New outpatient ultrasound IDTF

Dear David,

Advanced Sonograms of Alaska Inc.(ASA) is asking for a determination on the requirement of a Certificate of Need application for a new outpatient ultrasound IDTF. In accordance with the standards set forth in regulation 7AAC 09.010, ASA believes that their project is exempt from the need for a Certificate of Need application based on the overall cost of the project.

Advanced Sonograms of Alaska Inc. is an S-corporation owned by Kelby Morisse, Mike Ruiz, and Scott Pickett. ASA shall lease a 1600 square foot office space in a privately owned professional building. ASA will provide outpatient ultrasound services.

The total costs of the facility will not exceed \$660,000 which include office lease (\$140,000), TI for office space (\$140,000), ultrasound equipment (\$200,000), office furnishings (\$60,000), computer hardware and software (\$120,000).

Advanced Sonograms of Alaska Inc. requests a Letter of Determination for this project. Thank you for your time and consideration of our request. Please contact me if there are any questions or need additional information.

Sincerely,

Scott Pickett
