Dear Mr. Peter:

Thank you for your letter of November 10, 2010, and subsequent email amending our response date to January 10, 2011.

As we mentioned in our CON application, this space will be leased by us, therefore, the tenant improvement costs are paid to the owner through the lease. The lease cost is estimated to be \$118,098 per year.

If, for your records, you need to know the landlord's costs for the tenant improvements, I've attached Davis Constructors' certified cost estimate. Please note, however, that Providence is the landlord and Creekside Surgery Center will be the tenant and thus will not be incurring these expenses directly.

Thank you for this opportunity to clarify our application. Please contact me with any questions or concerns you may have at 907-212-3694.

Sincerely,

Susan Humphrey-Barnett
