Re: Request for Hearing and Appeal of July 22, 2008 Decision Denying  
Grant of Certificate of Need Application to Imaging Associates of  
Providence, LLC Mat-Su Valley Imaging Facility

Dear Commissioner Hogan:

Pursuant to 7 AAC 07.080, the undersigned, on behalf of Imaging Associates of Providence, LLC ("IAP"), appeals your decision of July 22, 2008 to deny the granting of a Certificate of Need to IAP's Mat-Su Valley Imaging Facility, and requests a hearing.

For purposes of efficiency, IAP further requests that you direct the Office of Administrative Hearings to resolve the outstanding estoppel issue prior to consideration of other aspects of the appeal.

Sincerely,

Gruenstein & Hickey

 \_\_\_\_\_ )

**RESPONSE TO REQUEST FOR STATUS CONFERENCE**

This responds to Imaging Associates of Providence's August 14, 2008 request for a status conference. The November 29, 2007 decision in this matter was issued by the Commissioner of Health and Social Services as a final administrative decision. As such, the Office of Administrative Hearings (OAH) retained no jurisdiction in the matter and is presently without authority to conduct a status conference or further proceedings on estoppel or other issues, or to otherwise reopen the now-closed case.

Nothing about OAH's lack of continuing jurisdiction over the closed case would preclude consideration of estoppel or any other issues raised in a new appeal, if Imaging Associates of Providence has filed or files an appeal of the July 22, 2008 denial a certificate of need for the Mat-Su facility and the Commissioner elects to refer the new appeal to OAH. In the event of such an appeal and referral, the parties would be free to stipulate to use the record, including previous briefing, from the 06-0743-DHS case in the new appeal and to otherwise work with the administrative law judge to make the administrative appeal as efficient as possible.

DATED this 18<sup>th</sup> day of August, 2008.
