Dear Dr. Heilala,

The Certificate of Need (CON) program has finished its review of your CON application, as outlined in 7 AAC 07.050, for construction of an ambulatory surgical facility in the Matanuska-Susitna Borough area of Alaska.

The following information is requested prior to the department declaring your application as complete:

1. In your Letter of intent to the Department a certified cost estimate was submitted by Kumin Associates, Inc. stating the facility will be 9,700 square feet for a total construction cost of \$5,710,468. In your CON application, on page 34, it states total construction costs are \$2,803,995 for an 11,000 square foot facility (page 3). Please provide us with a modified certified cost estimate which outlines the differences between the Letter of Intent and the CON application.
2. In your Letter of Intent to the Department a certified cost estimate was submitted by Medical Source Systems for equipment for a total of \$2,580,474. In your CON application, on page 34, it states an equipment total of \$2,812,888. Please provide us with a modified certified cost estimate which outlines the differences between the Letter of Intent and the CON application.

As outlines in 7 AAC 07.050, you have 60 days, until April 22, 2013, to provide the Department with the requested information.

Sincerely,

A handwritten signature in black ink, appearing to read "Karen Lawfer", followed by a horizontal line.
